

ADVANTAGES OF CREDIT CARD

Introduction

Nowadays, the number of credit cards holders in our country is increasing every year. The reason is ^{clear} ~~clear~~ that's why more people like to get credit cards ^{is} ~~because~~ ^{at} ~~the~~ offer enormous advantages over other methods of payment. Although the danger of overspending with a credit card and running up major interest charges exists, those cardholders who use their credit card wisely can experience major benefits. That goes for even those credit cards that do not offer cash back, frequent flier miles, or other rewards programs. ^{Therefore,} ~~The~~ advantages of using credit cards are for emergencies and convenience.

Conclusion

In conclusion, ^{these} ~~there~~ are the advantages of using the credit card. ^s ~~Thus,~~ there are more offer ^f ~~for~~ credit card owner ^f such as ^{being able to pay in} ~~you can make~~ an installment ^{is} ~~when~~ by an electronic ^{the amount purchased} appliances ^{is} ~~with the amount~~ above one thousand ringgit. ^{Even better, this offer is} ~~without any interest within~~ certain period. ^{everyone} Therefore, you should have one: ^a ~~one~~ credit card.

ADVANTAGES OF CREDIT CARD

Point 1:

One of the advantages of using credit card ^{s in} is ^{it s vs} emergencies for ^{that are as} help ^{such as} in two ways ^{as} for extra cash and as ^a sure booking. Firstly, ~~the credit card~~ ^{to bring} using on the help ^s which ~~is the customer~~ ^s ~~no need have~~ ^f extra money or ~~bring in~~ ^{to bring} large amount of money. ⁱⁿ The cases such as fire, flood, accidents, ^{and} epidemic, ^{credit cards can come in} emergency brake, hand brake, ^{handy} because cash may be hard to come by. [←] parking brake, ~~brake which is a restraint used to slow or stop a vehicle~~ automotive vehicle, motor vehicle whereas a self-propelled wheeled vehicle that does not run on rails. Secondly, we need to use credit cards when you're traveling and become stranded. ^e Especially if ^{we are} you're in an unsafe area, ^{The of credit} use ^{will help us to move} the ^{ly} card to get somewhere ^{as we can} secure, ^{we are} whether that means renting a car or getting a motel room if you're away from home and without transportation. In the other way, we need to use it whenever your car breaks down. Since it's safe to assume most of us rely on our car to get to work and earn the money that's going to pay off the emergency card along with the rest of our bills, this is a legit use of an emergency card. Just imagine if your home becomes damaged or unsafe or uninhabitable and fixing it ^{would not} ~~won't~~ be covered by insurance, use the credit card. If your furnace breaks in the dead of winter or a water leak creates unhealthy mold growth, use the card to get repairs made. ^{Hence} If a major appliance bites the dust. In the other words, you should have a credit card.

This are examples for your first point that is credit card provide us with

the extra money.

Point2:

Besides emergencies, promoting convenience is another benefit of using the credit cards because it is a very flexibility tool and ^{can be} ~~able to~~ use everywhere. It ~~can make~~ ^s it ~~us~~ ^{for us} easier to buy things without carrying a large amount of cash especially. Nowadays, we can use the credit card everywhere because many shops accept credit card ^s, such as at a petrol station ^s, supermarket ^s or for online booking via ^{the Internet} ~~internet~~. Therefore, you better have a credit card for your own.
